Lincoln Library Photography Policy

Lincoln Library staff may photograph and/or record library guests. Library guests consent to the use of their image and images may be shared with the community in a variety of forms.

Library guests may take photographs and/or video in the library. Excessive or obtrusive photography and/or filming could violate the Lincoln Library Behavior Policy. Media outlets, commercial or political interests, and photo/video projects need administrative consent prior to photographing and/or filming. Permission to photograph and/or record on library property does not indicate Lincoln Library's endorsement of the issues or events promoted by those materials.

Security cameras are necessary for the safety of library guests and staff and will operate on library property at all times.
