

Financial Literacy is hard Here is a class to help you

The labyrinth of Financial Literacy may seem daunting, yet fear not! Behold, a guiding beacon in the form of a series of classes awaits you.

Who Are CCCS of Northern Illinois?

They are a nonprofit social service agency that was started in 1982 in Woodstock, Illinois and has expanded services to Lake and Kane Counties.

Their Mission is: To strengthen and empower communities through counseling, education and serving individuals in matters of housing and personal finance.

They offer a wide range of services, including assistance with housing issues, debt, bankruptcy and student loans. Discover how our highly trained counselors can help you better manage your finances!

Why Choose CCCS?

They Take a Holistic Approach

Part of helping their clients succeed in their financial management is advocating and working on their behalf. Therefore, they're always willing to go to bat for their clients in all areas, especially in cases of housing.

They Advocate for Their Clients

Unlike other consumer credit counseling agencies, they are a Nonprofit. Because of this, we can focus solely on the person. We won't let you get taken advantage of because of your financial situation.

They Support Their Communities

They also provide workshops on fair housing, renters' rights, budgeting, student loans and credit card management. These workshops are offered to the public at no charge through local libraries, townships and community centers.
